

Using Medications for Diabetes & Weight Management

GLP-1 Patient Education Class

Learn more about your prescribed GLP-1 medications such as Mounjaro, Wegovy, Ozempic, and more!

This class is for you if you want to:

- Learn more about your new medication
- Connect with providers and pharmacists about your treatment
- Meet others who are on the same health journey

How to join:

- Be referred by your provider
- Contact the Clinical Pharmacy Department to request enrollment
